School Closed

A reminder to all our families that school will be closed next Friday 8 December, for a moderation day. The school will open as normal on Monday 11 December until Wednesday 20 December. Please collect a term dates card from the office for all future school closures and holiday dates.

Book Fair

In perfect timing for the Christmas holiday, there will be another book fair from Monday 11 to Friday 15 December. Please take the opportunity to browse the collection and make some great holiday reading choices together with your children. It is very important your children maintain an

excellent reading habit during the holidays so they do not break established routines, but also to ensure their reading does not regress.

KSA Winter fair

Don't miss this great opportunity to spend time at King Solomon Academy, get to know their community and have some fun! The festivities start today at 4pm and include a Santa's grotto, bouncy castle, glitter tattoos, henna designs, Arabic calligraphy, various food and drink, and much, much more!

Festive Sing-a-long

We look forward to seeing you at our annual festive songs performance on Tuesday 19 December at 2.30pm. All our children from Nursery to Year 6 will be performing well known seasonal songs for our families and we will be expecting you to join in! Mince pies, tea and coffee will be served. Please come to hear some beautiful singing, led by our talented music lead Lauren Todd.

New dance club

We are excited to announce that a new dance club will begin in the new year. Ms Smith has kindly offered to run this club as many pupils have requested it. It will be open to pupils in Years 3 & 4, and will take place on Thursday. As there are only 16 places and it is free of charge, you must hand your completed slips to the school office as soon as possible. Keep a look out for the enrolment slip when we return after the winter break.

Family Volunteer Day

Finally, Sophia Ioannou, our Environmental Tutor will be leading a wonderful opportunity to spend time outdoors on autumnal activities, which involves looking after the plants and creatures

in our school grounds. She would like families from our community to join her in the conclusion of her fully funded Growing with Nature project.
