Parent's Evenings

Thank you for the excellent turn out of parents and carers for our first Parents' Evening of 2018, which took place last Monday. A special thank you for braving the

miserably wet weather to meet with your child's class teacher to learn more about their achievements at school. We are holding the second and final Parent's Evening for this term this coming Monday 22 January from 2.00 to 5.30pm. Children will need to be collected at 1.45pm. Please make sure you have signed up for an appointment with your child's class teacher and most importantly make sure your child accompanies you for this review of progress. All parents/carers are expected to attend, so please do not ask older siblings to attend in your place. As usual we will have Arabic and Kurdish interpreters available, so do inform your class teacher if this would be helpful. If your working hours make it difficult to attend during these hours, we are ready to arrange an alternative time to ensure 100% attendance. There will be a crèche available again for younger children allowing you and your child to pay full attention to these important discussions about your children.

Asthma

A message for parents and carers of children who have an Asthma pump at school. It has been recently suggested that wearing a scarf to

cover your mouth and nose could help prevent an Asthma attack during winter months. This information has come from via BBC News.
