Water

Thank you to our wonderful parents and carers who waited patiently in the playground on Monday to find out why we suddenly had no water in the building, hoping that an engineer could fix it so lessons could take place as normal. We are, as ever, grateful for your kindness and support, especially those of you who would have arrived late to your places of work. Thanks are also due to Mr Gregory who kept us warm leading an extended version of our daily morning energiser!

Médecins Sans Frontières

Northumbria class would like to thank everybody who contributed and bought cakes last Friday afternoon. Over £130 was raised for Médecins Sans Frontières (Doctors without Borders). MSF are an organisation that helps people all over the world regardless of who they are. They build hospitals, treat people, hand out food and educate. Our contribution will help many, many people. Thank you for helping us to make such a generous donation.

Pen license

Congratulations to Ammar T I T, in Year 5 Imperial class, who is the third child at Ark Paddington

Green this year to be able to use a black ink pen in lessons. He presented his English, maths, topic, handwriting, sketch, reading record, reading response, writing progress, maths progress and homework books to Katarine Deeks for review. All his books showed consistently neat, cursive handwriting and were beautifully presented. He was awarded a pen license in today's assembly. Well done Ammar!

Healthy packed lunch

Many of our children bring healthy packed lunches but we still have some children who regularly eat an unhealthy midday meal. Healthy packed lunches should include:

✓ Water or milk and whole fruit	✗ No fizzy, fruit or sugary drinks as they contain too much sugar
✓ A cheese, salad or meat sandwich, rice or pasta dishes and vegetables	✗ No chocolate spread or jam sandwiches ✗ No chocolate yoghurts or unhealthy cakes ✗ No crisps or other salty snacks

Unhealthy foods in packed lunches will be confiscated and left in the school office for collection by an adult family member. These photos show some great examples of healthy packed lunches being eaten at Ark Paddington Green.

Wiggle Week

Please turn over for the next MEND family homework task! Check out the exciting information about Wiggle Week.
