## Timestables Rockstars App

A message from Sonika Bakkar, our Maths leader:  
A huge thank you to all those who helped raise funds for the Timestable Rockstars application version. You can now download the app on android and apple phones and get practising your timestables. Pupils are to use the same username and password as the computer version.

## Raising money for heart disease

Message from Dania E and Jumana S in Year 6 Brighton Class: Thank you to all the parents and carers who contributed to the fruit sale on Tuesday 31st October. We had lots of fun! This was an enjoyable experience and we hope that it will inspire young pupils to do the same in the coming years. We raised an extraordinary £53.91! As you know, the money will help fund the British Heart Foundation. Again, we thank you for your donations, your support and all your yummy healthy treats.

Mind, Exercise, Nutrition... Do it!

## MEND in schools

We are delighted to welcome Helen and Nicholas, from MEND (**Mind, Exercise, Nutrition... Do it!**), to Ark Paddington Green. They will be delivering lessons to children in Years 1 and 4. This will be our second year of working together with the programme to raise awareness around the importance of maintaining a healthy body and mind. MEND empowers children to become fitter, healthier, and happier and to reach or maintain a healthier weight. The children will be provided with information and support needed to choose healthier foods and spend more time being active. Please see Mr Gregory, our PE leader if you have any questions. Please turn over for your first MEND family homework task! ✨

## Pen license

Congratulations to Fahad S and Adam T I from Year 3 Roehampton, who are the youngest children to have been awarded a pen license at Ark Paddington Green. They are both now allowed to use a black pen in lessons, instead of a

pencil. They presented their English, Reading, Maths, Humanities, Science, home reading record, handwriting, sketch, writing progress and homework books to Katarine Deeks for review. Congratulations Adam and Fahad! I am sure you will inspire other younger children to reach this standard. Here are some examples of their consistently neat handwriting. The first sample is a letter to an author by Adam and the second is interpreting a pictogram in maths by Fahad.

Dear Lyle Cherry,

My name is Adam and I am a Year 3 student in Ark Paddington Green Primary School in London city. I've been reading your book The Great Kapok Tree for several weeks and one month. It has inspired me by pictures and plants.

In my school we have a lovely woodland area with lots of animals and plants. I will protect the trees by giving them water each day and if I see children putting down trees I will stop them at immediately.

I will protect them by teaching them the importance of saving trees. I will keep on protecting them till six years.

It will be an honor to save rainforests. I would love to save them. I will do anything!

Love from Adam

1. 3 pupils travelled on a train in Year 3. ✓

2. 0 pupils travelled on a train in Year 2. ✓

3. more pupils used a bus in Year 2 than Year 3.

4. 1 more pupil travelled by bus in Year 3. ✓

5. pupils in Year 2 and 3 who walk have the same amount. One more pupil in Year 2 used a motorbike than Year 3. No people used a train in Year 2 but 3 pupils used a train in Year 3. 2 pupils used a bus in Year 3 but 16 pupils used a bus in Year 2 so Year 2 use more bus than Year 3. ✓
