Review of 2016-17 Spending

Sports and PE Grant Funding Report 2016-17

Since September 2013, Ofsted inspections report on PE and sport provision and on how schools spend their additional funding. We are accountable as a school for how we spend this grant and the impact that it has upon participation and attainment. This document is an overview outlining how we, at Ark Paddington Green, plan to invest the government money and how we will track the impact it has upon our children.

In future, our reports will evaluate the expenditure. As this is the first year of the academy's existence, this report does not include a review of last year's practice, but does outline how the money will be spent in the year ahead.

Amount of Funding in 16-17	£9,340
-----------------------------------	---------------

Our sports and PE funding contributes to our overall strategy of healthy levels of fitness and well-being in APG. We structure the day to include opportunities for fitness and sports, including morning warm up, running at lunch time, PE lessons led by a specialist and after school clubs.

How we are spending our 2016-17 sports grant

Contribution to staffing: appropriate staff to be involved in the teaching and planning of PE; payment for the teaching and learning responsibility for PE; for some year groups the provision of two adults; staffing the daily running expectation; swimming supervision	£7,200
P.E equipment	£100
Site maintenance to ensure activities in play times are physically positive	£500
Staffing and site support time in planning the astroturf pitch to be installed in 2018	£1,200
Rent of facilities for Sports Day	£377
Total	£9,377

Measuring Impact

We measured the impact of our spending in the following ways:

- Participation of pupils in sports after school activities and in playtimes
- Communication with school nurse regarding heights and weights

Each term we assess current levels of health and fitness in our pupils. Any children who the school believes are not healthy will receive a support programme from the school; this may include parent meetings/workshops , priority places at sports clubs, an individual health plan. Any parent communication is aimed at giving parents the information they need to track the health and fitness of their children.

Reviewing and Improving Our Sports Offer to enable sustainable approach

We will review the quality of the sports and PE offer provided at Ark Paddington Green Primary Academy on an annual basis and look to include a section within the School Evaluation as to how this can be developed and improved.
